# HOW TO ACTIVATE FREE PUSH NOTIFICATIONS FOR CARD TRANSACTIONS

Byblos Bank Armenia has launched a new service that enables cardholders to receive push notifications through the Byblos Mobile app instead of SMS messages for card transactions."

"The service is completely free, regardless of transaction size or frequency. To activate it, follow these steps:

1. Go to the card page in the app

2. Navigate to the "Settings" section via the "More" button

3. Click on the "Transaction Notification" option

4. Select "Push Notification", enter your notification preferences, and confirm

The Byblos Mobile app is available on both the Play Store and the App Store.
